

# Game Plan

## Parking

### ConnectCare off-site Parking

In light of our ConnectCare implementation, we want to ensure that patients and visitors have enough parking. We are currently over capacity with parking, as you will see, and it will be much appreciated and very important for all ConnectCare staff to park offsite as outlined below.

#### The off-site location is:

SportsQuest East Campus Fields  
13030 Genito Road, Midlothian, VA 23112  
2.7 miles from St. Francis Medical Center.  
Google maps link: <http://goo.gl/GRhQB>

All ConnectCare staff, including SFMC employed support staff will be required to park **off-site** every weekday (day and night shifts).

**On-site** parking will be allowed on weekends: Friday 7pm – Sunday 7pm. During these times, please park in the back of the hospital lot, and not in the Medical Office Building Parking Lot.

#### There will be a shuttle to take you to and from the off-site location with the schedule as follows:

Weekdays:	5am – 8:30am	Continuous shuttle
	8:30am – 5pm	Shuttle as requested
	5pm – 8:30pm	Continuous shuttle
	8:30pm – 5am	Shuttle as requested

The number to call the shuttle when requested, is **804-787-4592**.

During weekdays, ConnectCare staff members who are found parked in the parking lots on-site at SFMC will be **subject to ticketing, booting, or towing**. SFMC security will be patrolling the SFMC parking lots at all times to ensure patients and visitors have adequate parking. ConnectCare staff may be issued parking tickets for improperly parked vehicles. Ticketed vehicles with multiple violations may be subjected to towing. Should a vehicle be towed, the vehicle's owner is responsible to retrieve and pay all cost to recover their vehicle.

All those parking off-site at SportsQuest will receive a parking pass to display on their dashboard when parking in the complex.

We truly appreciate your cooperation and dedication to ensuring a smooth and effective go-live at SFMC.
